

# Wonderific

## COVID SAFE BUSINESS PLAN

Below you will find our COVID-19 plan for a safe party experience. It has been created inline with <https://www.health.gov.au/> health advice and the National principles for the resumption of sport and recreation activities.

The Wonderific team are here to help, and are happy to answer any questions you might have. We are also taking active steps to ensure we are able to deliver Covid-19 safe parties by observing the following. We recommend parents/carers drop off and leave children where possible .

- \* Regularly monitoring of government advice, and updating our policy accordingly.
- \* QR code scanning for contact tracing
- \* Access to hand sanitiser at entry and inside venue
- \* Cashless payment
- \* Entertainers to wear mask through out party
- \* The regular cleaning of equipment and props
- \* Washing of costumes after each party
- \* Strict cleaning and sanitation procedures between parties (extra focus on touch points)
- \* Observing social distancing through out parties
- \* Notifying all staff and clients to changes to the Covid-19 safe policy.
- \* Notifying all clients immediately should we become aware of your entertainer testing positive for Covid-19.
- \* All staff have completed COVID 19 safety modules

Whilst we understand that eliminating all risks around Covid-19 are not 100% possible, it's our belief that the above precautions will help to dramatically minimise the risk of exposure and ensure that your next party is a safe environment for all.
