

So What happens at our parties

Children gather in forest foyer room where a party host will lead them into the party room, with Disco lights flashing the mood is set to dance to their favourite song. The Birthday child is given a gift then it's off for face painting (and hair glitter if selected) Time for Games and dancing with chances to win prizes. 1/2 way through party we have food and do trivia while kids eat. Sing happy birthday, cut cake ( photo time) then it's off for another game whilst the birthday cake is cut up and placed on the table ready to eat with Party almost finished we get kids together for a photo opportunity on stage with props and costumes. Kids make a line behind birthday child and led out to collect Lolly bags that are given out in front entrance where parents can collect their kids.
